

A LIGHT DREAM

# HERRENBERG KABINETT

KABINETT FROM OLD UNGRAFTED VINES

The Herrenberg comes from the red slate in Longuich. Very high iron content in the terroir makes it coloring red. The vines are ungrafted and over 100 years old.

Herrenberg site is much higher in altitude than Maximin Herrenberg. Cold wind blows in this special site. Due to this the ripeness goes slower. The amplitude between day and night is much higher. Perfect conditions for a light, crisp and pure Kabinett.

The Kabinett shows a playful elegance combined with exotic aromas. Aromas of vineyard peach, mango and apricot define the wine. A light Moselriesling par excellence.
